PROFILE

A recent BSc Hons Computing graduate with 2:1 honours degree from Itahari International College, currently pursuing MSc in Software Engineering at Kingston University. Passionate about leveraging a solid foundation in computing with advanced software engineering skills to design and develop innovative solutions. During my internship at LYST, I designed the user interface of mobile application and worked on backend development. A highly motivated and detail-oriented individual with excellent problem-solving and teamwork skills, eager to apply my expertise in a dynamic tech environment to drive innovation and business growth.

EDUCATION

MSc Software Engineering, Kingston University

Jan 2024 – Jan 2026
